- Break Away Squeegee
- Front Wheel Drive
- HD Steel Decks & Shrouds

APPLICATIONS

Education

Amid growing pressure on K-12 and university facilities to uphold cleanliness and safeguard students and faculty, our user-friendly and reliable floor cleaning equipment ensures uninterrupted daily maintenance.

Grocery

Our American-made, durable, and value-priced machines provide retail and grocery clients with initial savings and long-term reliability due to non-proprietary parts, enabling easy repairs by any technician with basic knowledge of battery-powered equipment.

Healthcare

In addition to expectations of superior cleaning and drying of the floor, our equipment is designed to be especially quiet and maneuverable. These features allow our equipment to safely operate in congested areas, and without disturbing the public.

Assembled By Hand

Our American workforce hand-builds each machine with components sourced almost 90% from American suppliers. We routinely pay more for these domestically supplied components required to build a superior product. All design, prototyping, production and testing is done in-house where we can best control quality.
Our Family's American Dream

RPS has been family owned from its inception in 1986, and proudly builds in Wisconsin (USA). The company has grown over the last 35-years with a strong group of executives including the 2nd generation of family owners who started in the shop as youngsters.

Build Sustainability

We design our equipment with a high percentage of recyclable components and operate our facilities with energy and water conservation as priority.
